Legislative Update

HB-641: Criminal Law - Sexual Contact with an Animal

Did you know that it is not currently a crime in Maryland to advertise, traffic, or solicit animals for sex on the Internet? Sexual molestation of animals, like rape, involves violence, control, and exploitation.

There needs to be a clear definition in Maryland Law about what constitutes sexual abuse to animals so that perpetrators of these crimes cannot escape punishment due to lack of clarity under the current law. Moreover, the law needs to penalize individuals involved with animal sexual abuse such as those who allow their pets to be sexually abused by others (usually for a profit) or force others to sexually abuse animals.

Animal sexual abuse is the single strongest predictor of increased risk for committing child sexual abuse. We need to strengthen Maryland's law to protect animals and our children from these predators as well as anyone who profits from these practices.

SB 647: Insurance - Homeowner's and Renter's Policies - Dog Breed Discrimination

This bill prohibits an insurer from discriminating against certain breeds or mixed breeds of dogs in a homeowner's or renter's insurance policy. Getting homeowner's and renter's insurance can be difficult, if not impossible, for Marylanders with certain breeds of dogs. As a result, people sometimes are faced with a

decision to surrender their dogs to shelters or rehome them because they can't get the homeowner's or renter's insurance required by their banks or landlords.

Laws in Michigan and Pennsylvania prohibit insurance companies from denying coverage to homeowners based upon the dog's breed.

It is good public policy. In 2002, Maryland passed HB 521, which prohibited the use of credit for homeowner's insurance because it was considered discriminatory.

HB 501: Crimes - Unattended Dogs in Extreme Weather

HB 501 would establish minimum, commonsense protections for dogs by ensuring that they are not left outdoors and unattended during temperatures below 32 or above 90 degrees.

Animal control officers are usually called when it is almost too late and dogs are suffering seizures, heatstroke, hypothermia, and death in extreme weather conditions. Maryland families and children are deeply affected by the cruelty they witness when neighborhood dogs are left outside in extreme temperatures and weather. This bill will reduce the suffering these animals endure, and the serious consequences, including death, caused by these conditions. It will provide a consistent standard across Maryland that does not change as a dog is moved between jurisdictions.

Pistons & Paws

Free Car/Motorcycle Show and Pet Adoption Event

Friends of Anne Arundel County Animal Care & Control and Annapolis Car Enthusiasts invite you to participate in **Pistons & Paws**, a combined car/motorcycle show and pet adoption event from 10 a.m. to 2 p.m. on Saturday, June 15, 2019 (rain date: June 22) at Anne Arundel County Animal Care & Control, 411 Maxwell Frye Road, Millersville, Maryland.

Pistons & Paws combines the shelter's annual car show, now in its sixth year, with its annual motorcycle show, now in its fourth year. These shows each have drawn an estimated 2,000 visitors a piece to the shelter to enjoy dozens of vehicles competing for trophies and learn about – and in some cases adopt! – the homeless animals at the shelter. We anticipate this year's event will have a band providing the music, great food, an array of vendors, police and fire demonstrations, and so much more. Your business would be a welcomed addition to our vendor area!

There's also an Arts and Crafts fair, a Business Expo in the Ice Arena and local organizations of every size and interest will be on hand to introduce you to what they do and perhaps entice you to get involved.

Cause for Paws Cares, Inc. will be at its vendor booth offering homemade gifts and crafts, give-aways and information and material on our feline friends. **DON'T MISS IT. We look forward to seeing you.**
